

X40 M17 Basic

Art. No. 80.50.305

Waste separation system for pre-existing rails

This waste system is the X-LINE space-saver. The extra small system was designed for cabinets with a width of only 400 mm. This makes it ideal for narrow installation situations, small kitchens and small quantities of household waste. The particularly narrow X-LINE version is designed for a 17-litre waste bag. The basic drawer offers additional storage space.

- ▶ Narrowest X-LINE waste system for 400 mm cabinet width .
- ▶ For tight spaces and small kitchens.
- ▶ 20-litre main bin.
- ▶ Basic drawer for additional storage space.
