Art. No. 80.81.001

Freestanding waste container for house, office and garden

This freestanding waste system consists of a container in which 35-litre waste bags can be clamped. Its flexible positioning makes the Waste BOXX a useful aid in the garage, on the patio, in the office or at home. Smaller waste can be thrown in quickly through the push-open lid. Thanks to an integrated metal rod, the lid swings back automatically afterwards. For larger waste items or when the bag is full, the lid can be pulled open. A sweeping set can be attached to the small hook on the side.

- ▶ Freestanding waste system
- ▶ Ideal for use in the home, office and garden
- ▶ Container for 35-litre official waste bags
- ▶ Push/pull function for fast and easy waste disposal
